OUTLAWS WORK!

Utah Sheriff and Deputy Shot to Death.

Tammany Democrats are for Bryan for President.

Friends of Bryan Will Control the Maryland-Democrat Convention.

SUNDAY BASE BALL GAMES.

Thompson, Utah, May 28.—Sheriff Tyler, of Grand county, and Sam Jenkins, a cattle owner, were shot and instantly killed by outlaws on Hill creek, fifty miles north of here, on Saturday. Jenkins and Deputy Sheriff Day were on a hunt for cattle rustlers ever since they killed George Currie, on the 17th of April.

The officers came upon the outlaws' camp unexpectedly. Tyler said, "Hello boys." Tyler and Jenkins then turned their horses, supposedly with the intention of leaving to get assistance. The outlaws shot them through the back, killing them almost instantly. The outlaws shot at Day but missed him.

Day started in search of Sheriff Price and posse of seven men, who were about three miles away. They decided it advisable to come in for more assistance.

The bullets used by the outlaws were of the soft-soft variety; where they came out there are holes almost large enough for a man to insert his fist.

Sheriff Howells and posse of ten men came from Salt Lake and Sheriff Alfred and posse from Price. A large expedition left here this morning in pursuit of the outlaws.

SYMPATHY FOR BOERS.

Teller's Resolution Expressing Sympathy Called to Order by the Senate.

Washington, May 28.—Wellington called up Teller's resolution expressing sympathy for the Boers, declaring the desire that the government of the United States should extend its friendly offices to Great Britain and the Transvaal with a view to bringing the war to the close.

Wellington maintained that congress would not have performed the full measure of its duty if before adjournment it did not redeem the pledge to give the people of Cuba a free and independent government, declare its policy as to the Philippine islands and take definite action in favor of the Boers.

St. Louis Strike.

St. Louis, May 28.—State Labor Commissioner Hixey to-day sent letters to President Whitaker of the St. Louis Transit company, and Chairman Edwards of the striking grievance committee, requesting each to appoint two arbitrators to act with himself to prevent the strike. This is done in compliance with a state law. The state labor commissioner stated in his letter that if the request was not complied with in twenty-four hours he would make appointments himself as the law provides.

Philippine Surrender.

Washington, May 28.—The war department has received the following cablegram from Gen. L. MacArthur at Manila: "Three officers and fifty-six men with forty-six rifles surrendered unconditionally at Cuyapo yesterday. Three officers and forty-six men with fifty-rifles surrendered unconditionally to-day at Tarlac. These spontaneous surrenders are very encouraging."

Boers Defeated.

Senehal, May 27.—Gen. Rundle occupied Senehal, whence the Boers were driven by a few shells. A field cornet and a number of other Boers were killed. British casualties numbered eleven. The Boers are believed to be concentrating near Bethlehem.

Marriage of Miss Clarke.

New York, May 28.—Miss Katherine Rinehart Clark, daughter of William A. Clark of Montana, was married this afternoon to Dr. Lewis Rutherford Morris at St. Thomas church. The ceremony was performed by Rev. Dr. J. I. Kitchen.

WEST'S SHOT GUN!

Fired Two Shots at His Dusky Love.

He Missed and then Used His Fists and Mouth.

Important Letter from Denver & Rio Grande Official.

PROPOSITION RATHER PREMATURE.

Room 4, Commercial house on First street, was the scene of a shooting affair this morning at 10:45 o'clock that came very near proving fatal to one of Albuquerque's dusky maidens, Mrs. Slaughter, nee Miss Emma Cline.

For some time Robert West, the tall and angular porter at Stripes' European, has been deeply in love with Miss Cline.

Another porter, named Al Stripland, at the Metropole saloon, was also a sweetheart of the Cline woman, and last night he, it seems, beat out the West fellow in her affections.

The warm southern blood of West boiled and rebelled all night long—his sweetheart had proved untrue, and this morning with the green-eyed monster of jealousy, he secured a double-barreled shot-gun, and, with the weapon forthwith with soldier-dread, made his way to room 4. Standing in the hallway, peeping occasionally in the keyhole and hearing words of adoration echoing and re-echoing over the transom, West thought of his abrogation and revenge.

He mounted a trunk near the door and poked the barrel of the shotgun through the transom, firing a full charge of death, but across the bed where laid Stripland and Miss Cline. The charge of shot tore a great big hole in the wall.

West, with blood in both optics and white rolled back in his head, vigorously kicked in the door, and as the Cline woman raised herself from the bed, he fired another shot, this time so close that the deadly shot passed over her head, but not over her heart. He had discolored the knee of the woman's right leg and set fire to her nightgown.

At this stage of the game Liver No. 2, Stripland, hurriedly escaped from the room.

West, after filling the second shot, and finding the woman still a lively corpse, pounced upon her and gave her a sound beating, using his teeth to inflict a very severe wound on one of her fingers.

West then escaped from the room, while the woman was yelling "murder," and made a run that would do credit to a well-known sprinter.

Marshall McMillin heard the shots, and on seeing the fleeing black man, he used his legs also and sprinted at a ten-second gallop after the fleeing would-be murderer. West, of course, was captured.

While this race was in progress, Police-men Martinez and Deputy Sheriff Smith, smelling the smoke of powder, made themselves busy, and after investigation started out from Stripland, lover No. 2, and he was soon under arrest.

A preliminary hearing was had this afternoon at 2 o'clock before Justice Crawford and West was bound over to the next grand jury of this county in bonds of \$500, in default of which he was sent to the county jail. Stripland was turned loose.

DENVER & RIO GRANDE.

The Subject of Extension "Not Well Found" Still There is Hope.

The Citizen, for many years past, has always advanced the theory that the Denver & Rio Grande railway, if extended along the Rio Grande or through the adjacent mining districts, would be a very profitable enterprise, and on this hypothesis several meetings of the Commercial club have been held, the meetings, however, in previous years resulting in only paper talk.

The subject was again used a few days ago, a meeting of the Commercial club was held, and the new secretary, P. F. McCanna, instructed to begin communication with Mr. Jeffery, president of the road. To these letters the following answer was received this morning:

Denver, Col., May 28.

"My dear Sir—I am just in receipt of your letter of the 24th inst. and in answer to the rumors in regard to the extension of our line to the Cochiti are not very well founded. We, of course, take deep interest in the progress of all interests adjacent to our system, and in the railway from time to time cause investigations to be made as to the development that is going on and the outlook for the future, but we have not formulated any definite plans nor has the matter been brought to the attention of our board of directors."

Please present my compliments to the directors of your club and convey to them what I have hereinabove written and thank them on my behalf for the friendly disposition they manifest toward the Denver & Rio Grande Railroad company. I would not at this time advise any organized effort on the part of the Commercial club or the citizens of Albuquerque, but I do again express the hope that my business engagements will permit me to visit your city and thus redeem a promise made several times in the last seven or eight years. Yours truly,

"E. T. JEFFERY."

SAN FELICE CELEBRATION.

Great Day in the Old Town of Albuquerque Yesterday.

Pontifical high mass was celebrated by Rev. Father Pinto, provincial of the Jesuit order in New Mexico, assisted by Fathers Gentile and Perrone. The mass was sung by the old town choir directed and assisted by Prof. DiMauro. Before and after mass the First regiment band played selections in the park opposite the cathedral.

At 8:30 p. m. the grand procession was formed and began to issue from the portals of the church, headed by a less white and crowned with garlands; following came the sodality of Christ-the little girls of Mary, dressed in ap-

Boers Expect Help from Mr. Bryan.

Rumor that Gen. French Has Captured City of Johannesburg.

"BOXERS" MARCHING ON PEKIN.

Washington, May 28.—The weather bureau here reports clear weather for eclipse observations along the entire path of the total strip, forty-miles wide, reaching from Norfolk, Va., to New Orleans. Observations of astronomers were highly successful. Nothing can be known of actual results for some time.

At Burnsville, Ga., Griffin, Ga., Pinehurst, N. C., observations were made by distinguished specialists; at Sileam, Ga., by a party from Cabot observatory, Cal., and members of the royal astronomical society, London; at Wadsworth, N. C., by a party from Yerkes observatory, Chicago, and the Smithsonian institute, at Washington, Ga., by three parties from eastern and western institutions of learning.

Boxers Marching on Fekin.

Tien Tsin, May 28.—The "Boxers" burned Liliun station on the Luhann railway, twenty-nine miles from Peking last night, and also wrecked the track and destroyed the cars, and murdered several Chinese employees. Belgian engineers in charge of the work are safe at Peking. The "Boxers" are marching on toward Peking.

DEPENDING ON BRYAN.

Would the Democrats Plunge this Country into War With England?

New York, May 28.—A special to the Herald from Washington, says: Intervention of the United States in the South African war is still hoped for by the Boer commissioners. They base their continuing faith on the possible defeat of McKinley for re-election. Looking far ahead they figure that while Lord Roberts may reach Pretoria within ten days, the garrison can withstand a siege until November. If McKinley is re-elected, the collapse of the war would be precipitated; if Bryan is elected the Boers, they think, will take fresh courage.
